Evafanartsclubec Call Out

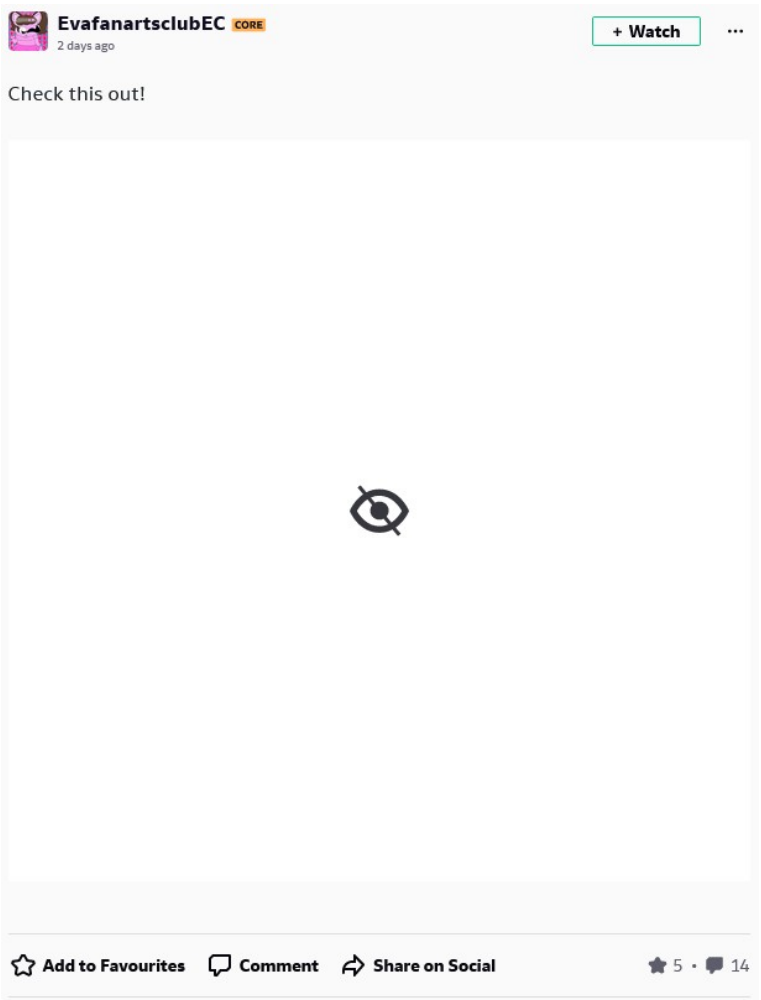
Everything in this call out will be censored

Edit (because some of you guys are taking this too far):

Please do not go out of your way to harass and send hate to her, I ask just to block her

Hello, I’m not one to make a call out journal on someone let alone someone I’ve only seen in passing. But I thought I should seeing as how severe their actions are and this isn’t the first offense from what I learned

So I went on to their account because they faved on of my pictures and I recognized them from others people I watch doing collabs with her. I decided to check out what they’ve posted and seeing a giant maturity warning on this status she was sharing, I was curious on what it was.



And well... this is what I’m greeted by

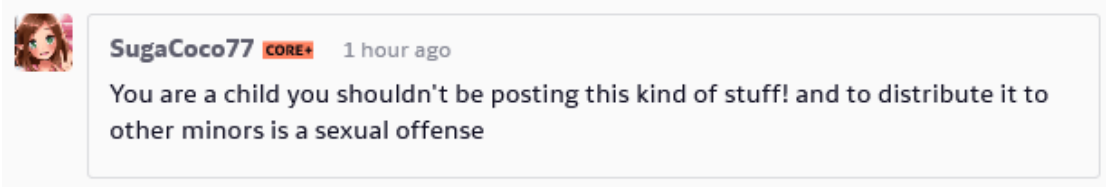
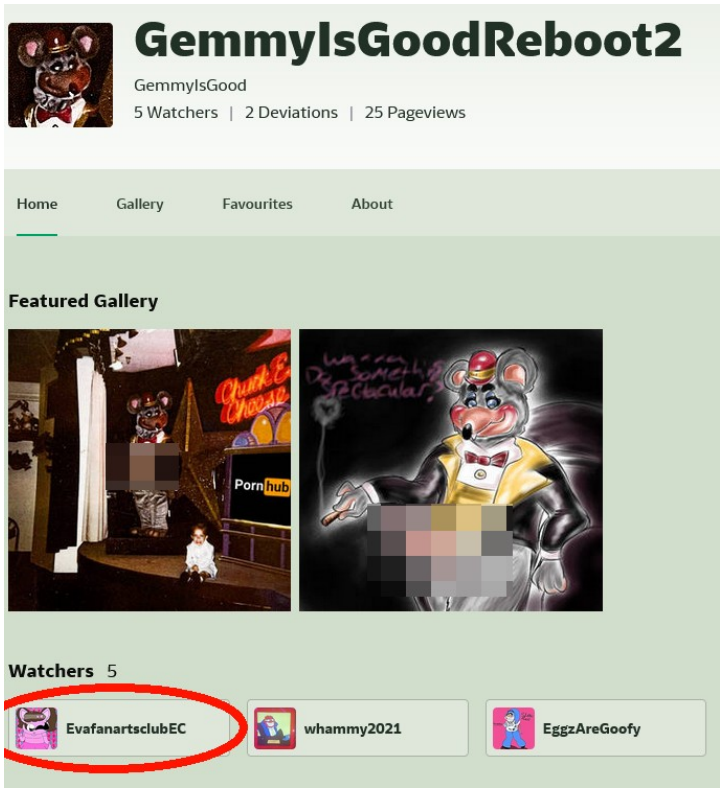
Seeing that she can’t even view what she shared made me wonder how old she was. The kid is only 15!

Seeing that she was a minor herself I warned her that this isn’t right to be shared.

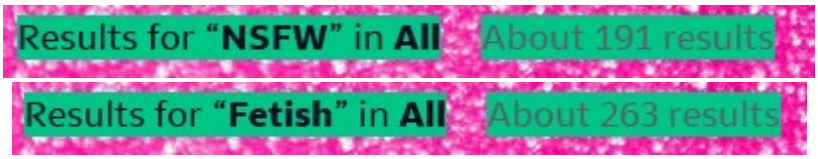


SugaCoco77 CORE+ 1 hour ago
You are a child you shouldn't be posting this kind of stuff! and to distribute it to other minors is a sexual offense

I then decide to check the rest of their page and it’s just littered with fetish art. Inflation, Pregnancy, Gore, Diaper, Fart, ect. And she’s watching NSFW trolls like this one



To save me from censoring all the images in her faves here’s the results for NSFW and Fetish images in her favorites



She also makes posts complaining that people are blocking her because she sends nsfw unsolicited

Okay, Eva, listen to me. As your best friend, I genuinely want to help you, so being that I do, you need to listen to me.
It seems that a lot of people blocked you and I've been seeing it happen far too frequently. But, don't you think you should take a second to realize that it's you who might be causing this to happen? I mean, if that many people block you, that's
usually a sign you're doing something wrong, which in this case, you are.
The reason behind why people keep blocking you is because you're inadvertently disrespecting their boundaries by sending NSFW, gore, and vore fetish art their way, with little to no consideration for whether or not they're comfortable with those things.
And with this person, of course they'd block you, I mean, look at what you did! Sent them porn of UNDERAGED characters as well as gore, and yet you find nothing wrong with it?
Eva, I love you, I really do. That's why I'm gonna try everything that I can to help you change as a person. Of course, I can't just automatically knock these habits out of you, but I can try recommending alternatives to ensure that you're safe and that the people around you aren't made uncomfortable.

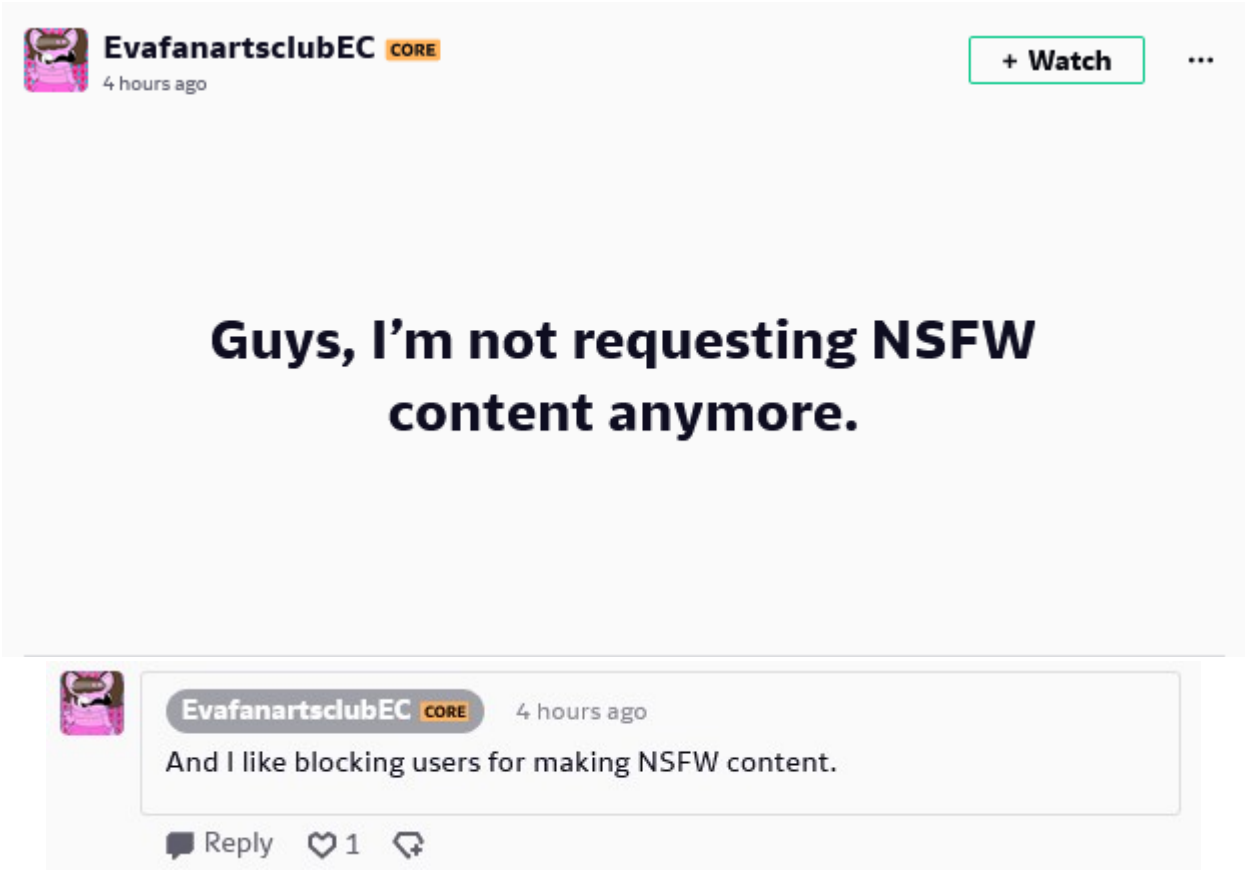
Again, I sent Eva a warning 2 hours ago (I see that she’s active online right now) but she’s choosing to ignore it and continue down this path and exposing other minors to sexual images, which is disgusting

Minors should stay out of fetish and NSFW spaces, for their own and others safety!

Update 6/7/24

I was just tagged in a comment on talking to Eva and she said that she’s going to stop requesting NSFW art which is great



However looking at their other status comments I came across something that shocked me

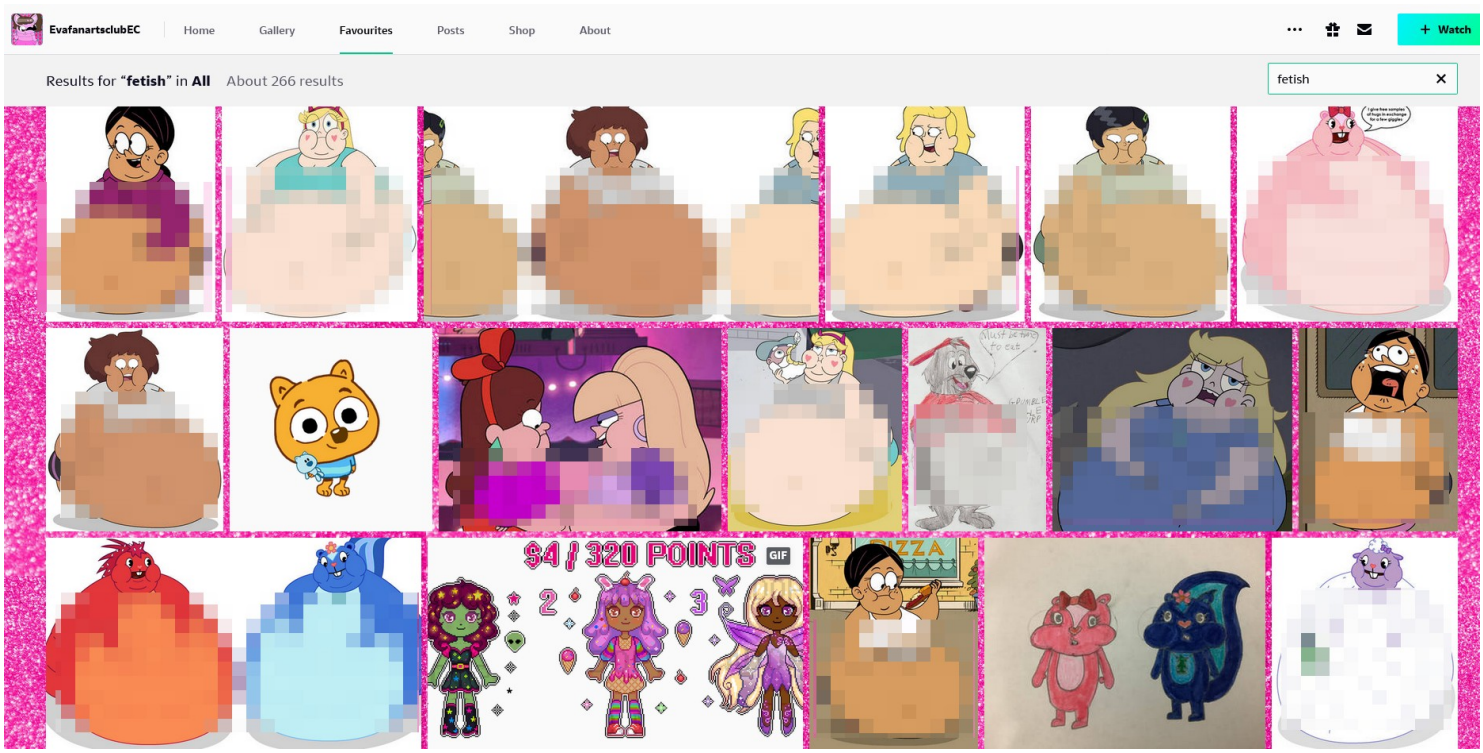
There’s no nudity but I still censored it



Update 6/11/24

She’s still making inappropriate requests and getting upset when she said she was going to stop. Although it’s not nsfw it’s still inappropriate for a 15 year old to be requesting characters in their underwear

She made the bondage art for a 30 year old. Yes, he didn't know she was a minor **at first** but when he did the 30 year old didn't even have the decency to say "hey please delete this, I didn't know you were 15"

She’s putting this on the internet for predators!

Don’t know how I missed this in my past updates but here is her saying “don’t make NSFW of my sona” to known trolls and nsfw artist, while sending a picture of her sona. That is her asking for it to be done.

Update 10/10/24

I just wanted to thank everyone who has shared this doc.Spreading word of what Eva has done. I hope for in the future they will learn from their

mistakes but from what I’ve seen she’s still getting involved with NSFW works

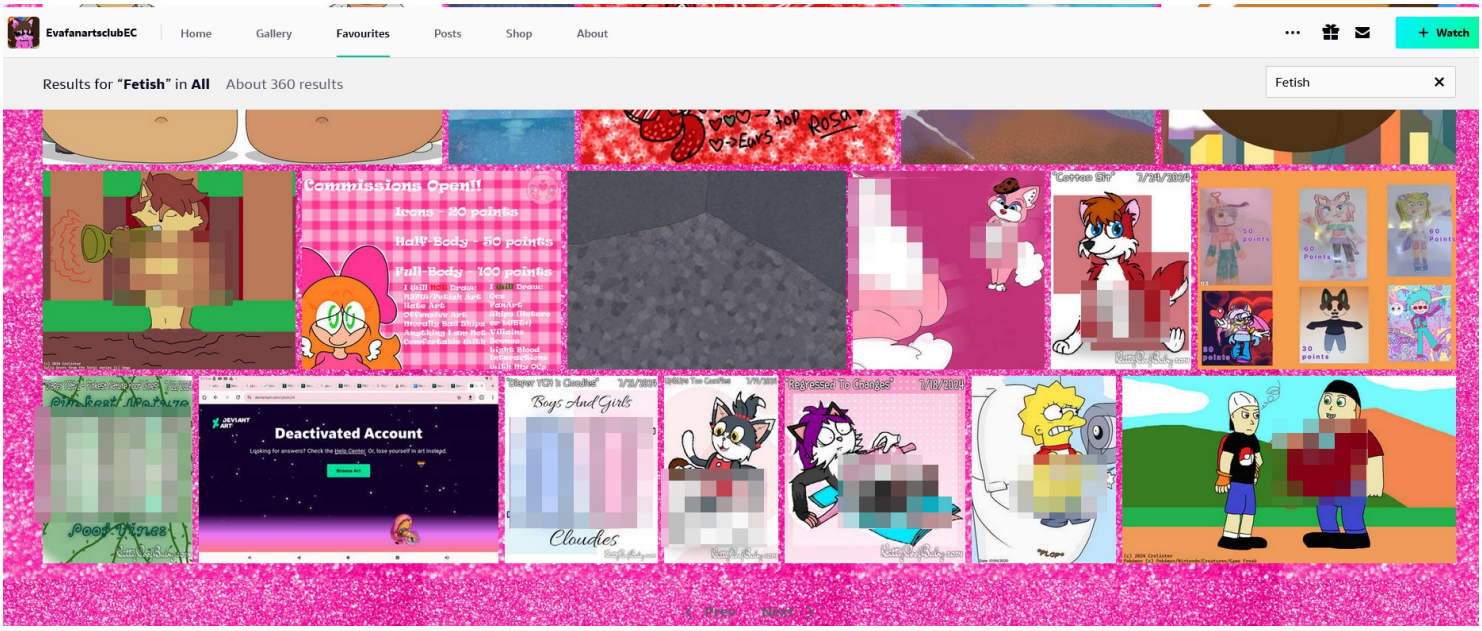
I saw some people say “she doesn’t like NSFW anymore” well

These were taken today

260 compared to 191 before

360 compared to the 263 before

And now not only has still like fetish art of inflation but is now faving diapers and toilet art

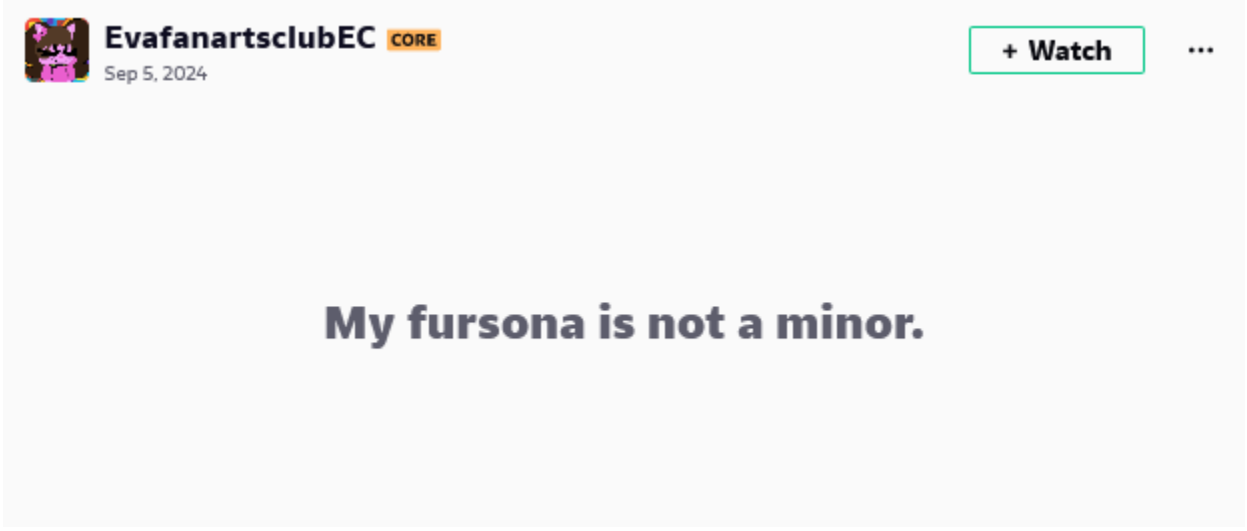


Also note Lisa Simpson is an 8 year old!! Why the hell would someone Make that!

Update 10/11/24

Forgot to add these yesterday ^^;

Now she’s acting that if she lying saying her persona isn’t a minor it makes all her inappropriate activity ok. Which it is not, she is still a minor. It doesn't matter if you make the character 1000 years old. You are still a child



Her reference sheet for her persona and herself saying she’s born in 2009

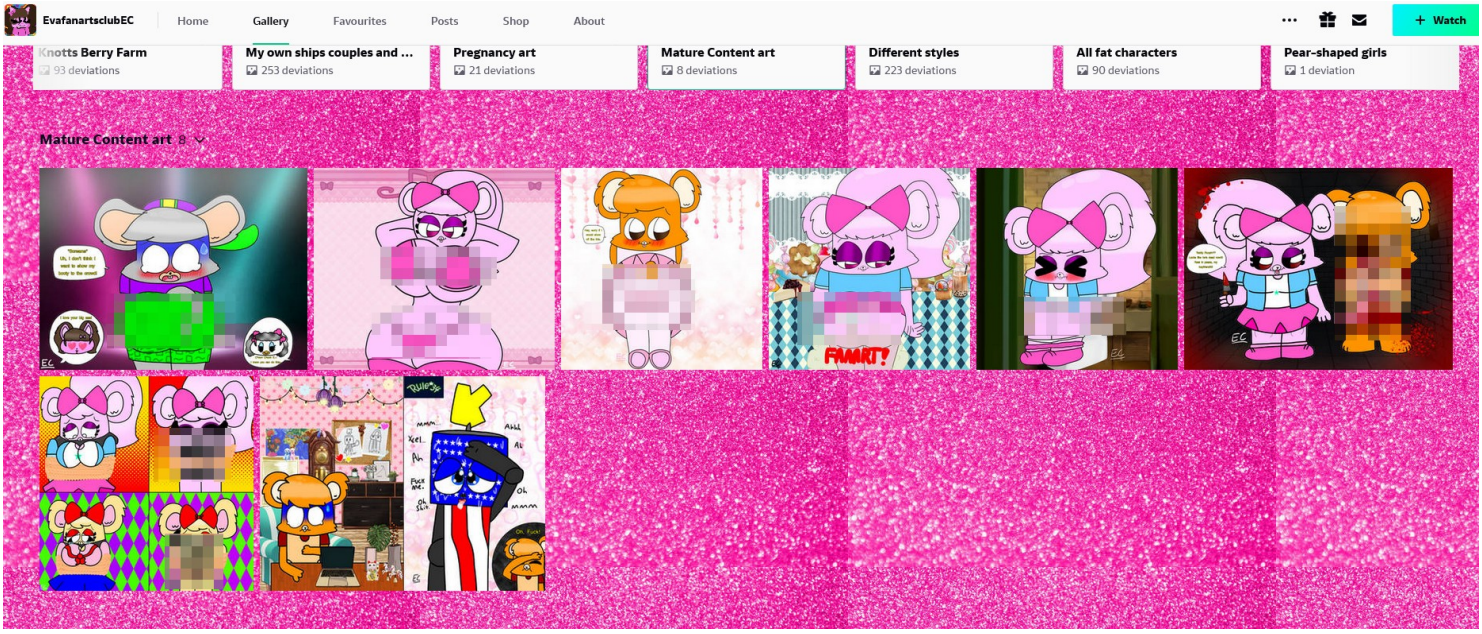
All this proof shows that she’s a minor but she also had a gallery on her DA for her “mature content art” which includes the fetishes of butts, boobs, farting,using the toilet, gore, and bondage



And no I am not saying “Boobs and butts are overtly sexual” no, those are natual body parts but in this context she is making it sexual and even in her own admitting is saying it’s mature content that she (a 15 year old) is sharing to the world

11/17/24 Don’t Make Threats

I can’t believe I need to say this but please do not go out of your way to harass them to the point of giving death threats to Eva. I’ve seen so much hate art of her being beaten and so many slurs being thrown at her. It really makes me sick. I made this doc to warn people of her actions not to send hate. Remember she’s 15, that is still a child you’re sending hate to. Just block her. the hate art is just low

Update 12/11/24

Sigh I was going to leave this alone but I had people thanking me about warning them of her and I was just curious on what was happening. This is her saying that she stopped making NSFW and fetish work. Screenshot from 3 days ago

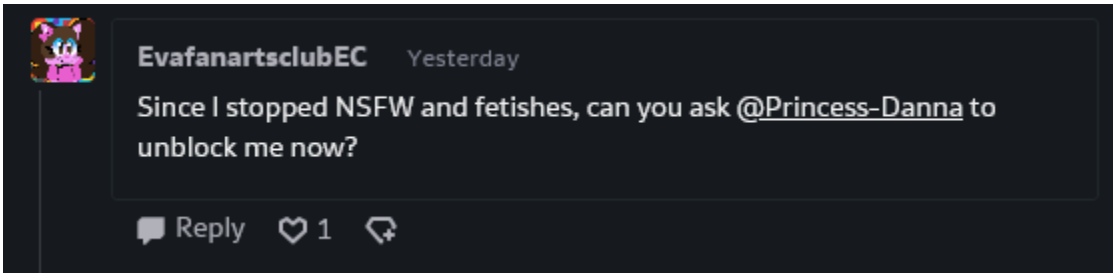
Update 12/26/24

Just another thing I like to add for the last update that I missed, she’s also in another NSFW group called anthroxxx-furrylife

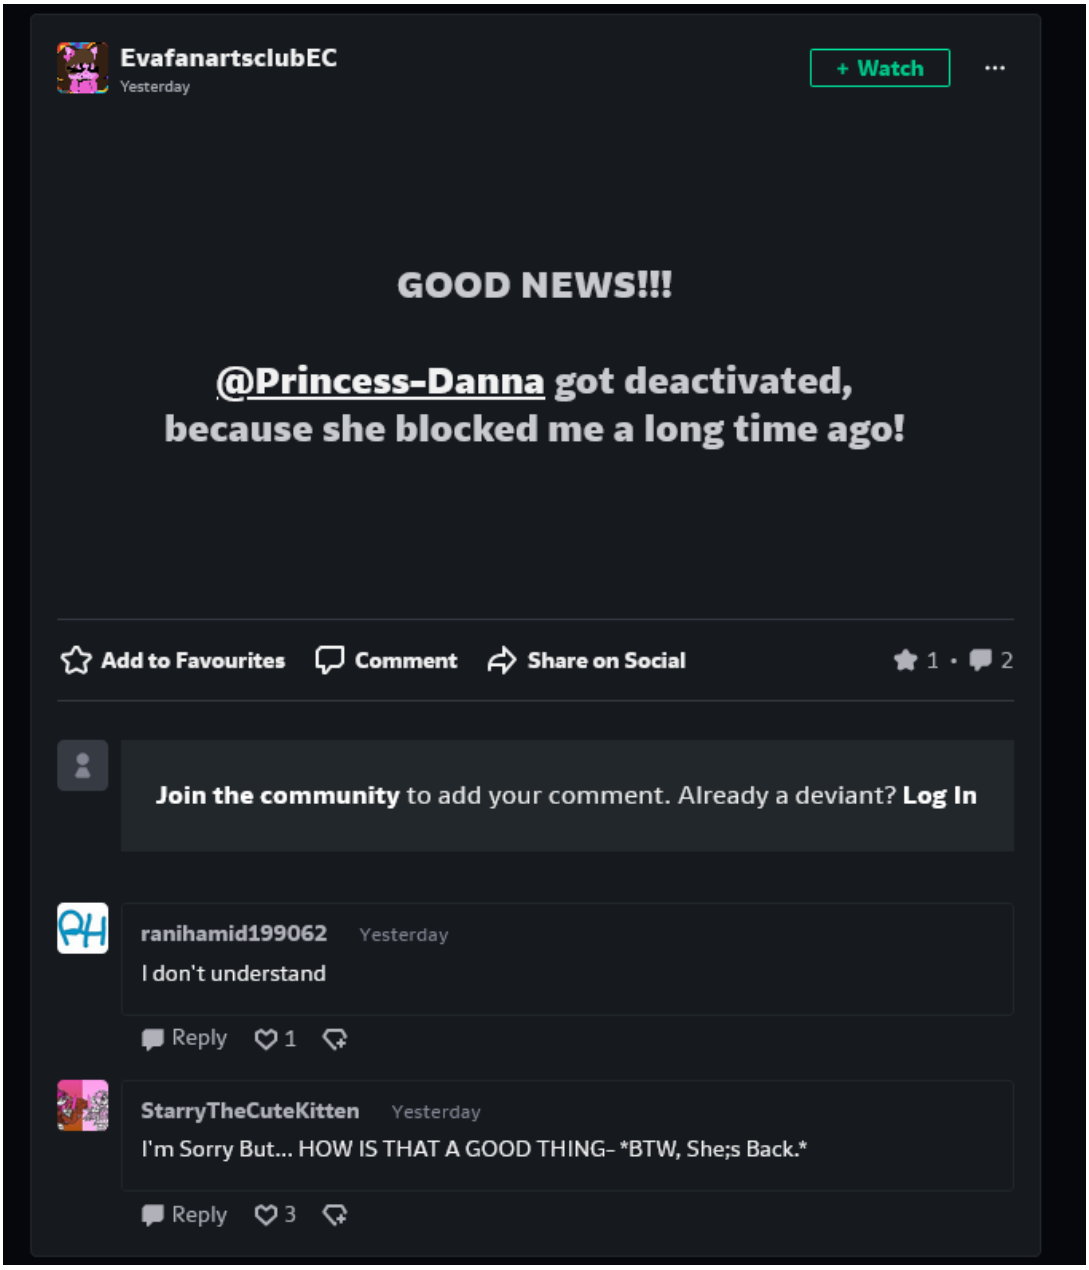
Would have updated earlier but with Christmas I had no time. In just a few days she’s already done some horrible stuff and is still lying to her watcher

For some context for the points, my friend Princess-Danna deactivated her account for 2 days because of a horrible user that spammed irl gore and NSFW on her page. And she needed to get away from that. It was a really hard

time for her and her friends. Well I saw that Eva was asking another user to ask Danna to unblock her.



And when she found out that Danna was deactivated look how she responded



How can you do from one minute begging her to unblock you to celebrating her deactivating!?
And you know what makes it even worse? She then tried to take Danna’s ideas for collabs and claim it as her own just days after Danna posted hers

Also another user came to me saying that Eva has stolen her art in the past as well and they had to file a DMCA to get it down. Trying to find the screenshots but can’t seem to find them at the moment. But this is further proof she’s a thief

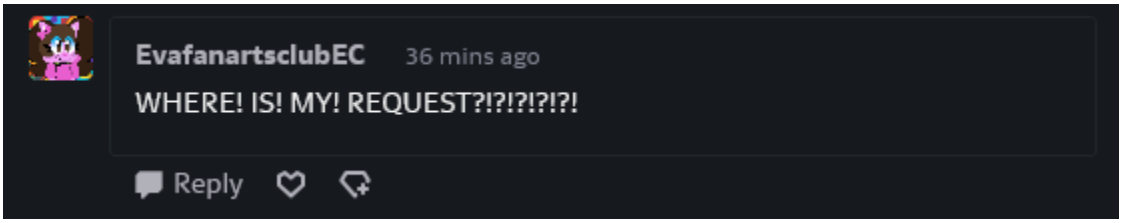
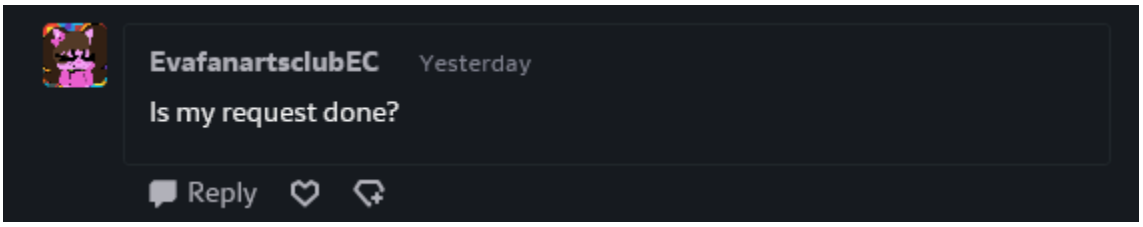
On to another point, she is so demanding and constantly asking users for Request





I would add more but it would fill the doc too much.

A request is just what it is. The artist is not obligated to make your weird request. she is not paying them to draw and she. They are taking the time out of their day to do it and she constantly pesters them. And Even pesters artist who don't even do request
